

Guitar

The class is designed for aspiring guitarists of any level to help improve their playing skills. We will focus on the fundamentals and go from there. Students can bring any guitar they have whether acoustic or electric. Please bring any guitar tuners and metronomes you may have. It is highly recommended that you purchase a guitar tuner and metronome before class starts. Any local music store will sell these items. We will spend time learning how to tune our guitars together. Please turn cell phones on silent before class.
