Residents of the City Park neighbourhood are invited to attend a public meeting to review and discuss a draft traffic plan for their area. The meeting will be hosted by the City of Saskatoon, Transportation Division.

On April 10, 2014 City Park residents participated in discussions and identified ideas and solutions to address traffic concerns in their neighbourhood. Based on feedback and information received during this meeting, other sources, traffic counts and existing traffic studies, the Transportation Division has prepared a draft area-wide traffic plan. The meeting on December 9<sup>th</sup> will provide City Park residents, business owners, property owners, local groups and other stakeholders an opportunity to comment on specific traffic adjustments being proposed for this neighbourhood.

Please join us as we discuss the traffic issues that affect you and your neighbourhood.
